Plant Disease & Defense Cornell Notes

Review pages #10 - 12 and #14-16 in your binder. Create a study guide about plant diseases & plant defenses from these pages by writing down facts that you want to remember. Then, write a question for each note where the note is the answer. When you are done, write a short summary that explains what you learned in this reading.

Question Column:	***Notes Column:*** Write down facts from pgs #10-12 & #14-16 as notes.
